Sub:- Live Chicken- imported from outside the State- Price  
Fluctuations- Abnormal hike in price of live chicken-  
enhancement of price- orders issued

Read:- Order No. C1. 70910/04/ Dt.019.03.07

As per order read above the purchase value of live chicken imported from outside the State had been fixed at Rs.40 per kg after considering the mortality, weight loss, etc.

Analyzing the data collected in market survey recently conducted by the Intelligence Wing it is seen that there is an abnormal increase in the price of live chicken, necessitating a review of the price fixed.

Considering these aspects it is decided to revise the rate of value of chicken so as to prevent the leakage of revenue to the State exchequer.

Hence the following orders are issued:

**ORDER No.C1. 70910/04/CT dt. 15-5-2008**

In the circumstances stated above in suppression of order read above, the price value of live chicken imported from outside the State in re-fixed at Sixty rupees (Rs.60) per kilogram.

This order will take effect immediately.
